

HUNTSWORTH

Chairman Derek Mapp awarded NED of the year award for quoted companies

Huntsworth is delighted to announce that its Chairman Derek Mapp has won the Non-Executive Director of the year award 2017 for quoted companies.

The prestigious Non-Executive Director Awards were set up to recognise the achievements of Non-Executive Directors within the Business and Not-For-Profit/Public Sector communities. This year, amongst strong competition, the panel of judges awarded Derek for his work as Chairman of Huntsworth.

Derek joined Huntsworth at the end of 2014 and has played a key role in the re-focusing of the business and its strategic priorities. At this year's awards he was praised in particular for his work on conducting both formal and informal Board evaluations, actively reviewing governance issues, and for his commitment to transparency.
